Subject:	Greeley Area Realtor Association support of Terry Ranch Water Project
Date:	Tuesday, March 02, 2021 4:37:48 PM

Hello,

The Greeley Area Realtor Association Board of Directors would like the City Council of Greeley to know that we support the Terry Ranch Water Project. As Realtors in our community, we know firsthand the importance of water and what it means to our residents as well as to future development and growth. Greeley has long been at the forefront of securing safe and affordable water for this community and as we continue to grow, we realize this task becomes even more important. It remains a precious commodity and we entrust that our leaders are continuing that practice of maintaining an adequate amount of this resource for its current and future residents and doing it with cost, efficiency and safety being key factors in those decisions.

Thank you very much for your consideration.

Sincerely,
Jamie Goodvin
Chair, Greeley Area Realtor Association

Julie Jensen,
CEO, Greeley Area Realtor Association
