Project Name:	10th Street Adaptive Project
Bid Number:	BID F24-07-062
Date:	July 31, 2024
Project Manager:	Scott Logan

Addendum Questions

Question #1	Will the City of Greeley be providing new Signal cabinets for the cabinets that will be replaced on this project?
Answer	Yes, the City of Greeley will supply the Signal Cabinets that will be replaced at the 59th Ave/10th St and the 47th Ave/10th intersections
Question #2	Will the replaced cabinets be requiring a new controller to be installed, and will the City be providing this as well?
Answer	Yes, the City of Greeley will supply the signal controllers that will be replaced at the 59th Ave/10th St and the 47th Ave/10th intersections.
Question #3	Will new cabinet bases/foundations be needed for the replacement cabinets? And who will be providing these?
Answer	Yes, the City of Greeley will supply the signal controller bases that will be replaced at the 59th Ave/10th St and the 47th Ave/10th intersections.
Question #4	On the bid schedule – line 14 doesn't name the intersection at which the work will take place. What is the intersection?
Answer	The intersection is 10th Street & 71st Avenue
Question #5	Are the intersections newer or older intersections. Meaning do they have PVC conduit or GRC and are they passable?
Answer	They are newer intersections and all conduit has been verified to be passable
Question #6	Would we be required to "clean" out the conduits?
Answer	There may be some conduits that will need to be cleaned out.
Question #7	With the signal cabinet relocations. Would it require a complete rewire to extend to the new cabinet position?

Answer	Each intersection that has a cabinet replaced should not require wire replacement, if the current cabling isn't damaged during the relocation. The placement of the new cabinets were selected based on this location criteria.
Question #8	If there is a complete rewire require, will the city be providing the Wire?
Answer	If rewiring was requird at either of the intersections, the City of Greeley would provide the cable.
Question #9	Is the City Providing the Traffic Signal Cabinet bases?
Answer	Response is the same as for Question #3
Question #10	Will the City or the contractor be setting up the zones for the detection?
Answer	If this was the case, City of Greeley would provide the cable.
